transportation for your bottom(line)

Shifting Gears is a month-long community challenge providing incentives and encouragement to people who walk, cycle, take transit, or carpool. The goal of program is to motivate a shift to more active lifestyles and more sustainable travel.

During the month of May, track all of your walking, biking, transit, and carpool trips.
It's good for your health, your wallet, your community, and your environment.
(And, you'll also have a chance to win some great prizes!)
